## GENERAL ROLE DESCRIPTION

This is a volunteer position in support of the Outreach and Disruption Team. Victim Advocates use a program called Freedom Signal to send texts to potential trafficking victims that are currently being advertised online for sex on escort sites. The Text Outreach team meets twice a month at our office in Reston to send out texts and respond during outreach and also follow up and continue text conversations from home outside of outreach times. We offer to connect potential victims with resources like food, clothing, and a place to stay with the goal of building a relationship and eventually providing a way out of their trafficking situation. For potential victims in our area, we offer to meet up for coffee or a meal if they are open to it.

## RESPONSIBILITIES

- Follow up with conversations that have been assigned
- Come to at least 18 in-person outreach meetings a year (there are 24 a year)
- Be willing to go to in-person meetings with victims/survivors, always with another volunteer
